as assignee, and its successors, assigns and legal representatives, the ²⁵⁸entire right, title and interest, for all countries in and to certain inventions relating to the Post-Page Caller Name Identification System described in an application for Letters Patent of the United States, executed by me on the 13day of January, 2016, and all the rights and privileges under any and all Letters Patent that may be granted therefore.

I request that any and all patents for said inventions be issued to said assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.
